C04. General critique

12884. Great TA, very willing to help!

12866. Nahim is a great TA. His sections are organized and well prepared, and he does an excellent job in presenting the material. Though at first, it seemed slightly out of sync with the material we were seeing in class, I realized later that this was because he was also covering material that was more of an applied nature, which is extremely useful, both for understanding the material and for preparation for the Qs. Personally, Nahim is a great TA who is very friendly and willing to take questions, which is greatly appreciated.

12864. Excellent TA! He went out of his way to help all students learn the material.
